“Update in Healthcare” brings rewarded specialists together for an **interactive meeting with the highest standards**, providing updated information on **healthcare & healthcare management** and this in the most stunning venues of the world.

The well-balanced program consists of lectures and interactive discussions. European CME Credits are being sought by the European Accreditation Council for Continuing Medical Education (EACCME). Credits for Ethics and Economy are being sought by the Belgian Accreditation Council

The venue of this year's meeting is located in the **exclusive setting** of the Anantara Vilamoura Resort in the Algarve, Portugal. This resort has a privileged location overlooking the lush expanse of Victoria Golf Course, where the Portugal Masters is held every year.

Beside the scientific meeting, we provide the **ideal modalities to play golf** or to improve your golf skills or start to golf. A private two half-day golf tournament is organized on two different courses (Victoria and Millennium Course). On the other hand, you will find a range of opportunities to explore all the hotel facilities and its surroundings.

Please remind that this conference is mainly dedicated to golfers and those who want to start golfing.

On behalf of the local Organizing Committee, we sincerely hope to welcome you and your partner at this unique meeting.
